Educational purposes

- We use ICT at school to help us learn and share what we know.

Safe

- We keep our personal details private and avoid contact with unknown people online.
- We take care of devices.

Honesty

- We follow copyright requirements and understand that online content cannot be copied without the permission of the person who created it.
- We use only our own log in details and submit only our own work.

Consideration for others

- We ask permission before publishing any details or images of another person.
- We are polite when interacting online.

Right Place, Right Time

- Our personal devices, including phones, are to be off and away when at school.
- We use other ICT devices as directed by school staff.
